The Commissioner of Sagar
his No 319/65 dd 18th July 1876
requested sanction to certain
excess expenditure on the
Kalsa Balehonnur Road
being passed on account
pending the submission
of a revised Estimate pro
mised by Mr Groves.

The Commissioner was
informed in the Chief Com
missioners Pro. No 4631/64
dd 4th August 1876 that
the expenditure on the
above work during the
current year should
not be permitted to exceed
the Budget provision
of Rs 1389

The Commissioner now
forwards copy of a letter
No 901/358 dd 14 August 1876
addressed to the Deputy

with his No 492/112 dy
2nd September 76.

Commissioner Haden
by the Executive Engineer

that the arrears of expen-
diture incurred on the
road in question during
the last 2 months of the
past official year amoun
ting to Rs 1328, which is
said to have lapsed, may
be appropriated for
payment during the
current official year.

There are no funds available
in the current year's District
Fund Budget allotments
to meet the requirements.
The Commissioner may be
asked to call upon the
Executive Engineer to
make necessary provisions
for the sum of Rs 1328 in
the Re-appropriation
Statement, which the

Executive Engineer in
terms of his letter, pro
-ceed to submit within
the end of the current

Sir,

I have the honor to acknowledge receipt of your No. 733/4.6 of 10th Instant forwarding for information copy of Chief Commissioners proceedings regarding the excess on the Hadura Bandy Hooma road, and directing that expenditure is to be confined within the limits of this Official Years Budget allotment viz Rs 1389

Owing to prudential reasons, Viz. A due for work on this Road the last two months of the past Official year, Rs 3674 taken from the allotment of this road from the past year, although fully was value of work had been executed. The allotment for some of the other roads under my charge as reappropriated in Chief Engineers No 2804 of 4 December 1875 were however exceeded, reducing the total

to Rupees 1,328 as will be seen from appended Statement

3. I have now to ask that the latter amount of Rupees 1,328. lapse of last year for work Boundary charge be at once appropriated for expenditure on the Kalasa Banly Hannur Road, this Official Year.

4. I also request that you will be good enough to intimate to the Deputy Accountant General, at an early date, the amount of contribution from Ryots, of Rs 900, towards the Road in order that, that sum may be placed to the credit of my drawing account with the Examiner Public Works Department as per Chief Commissioner's Circular No. 330/2179 of 5th September 1873 regarding Subscriptions from Ryots.

5. The Revised Estimate for the Kalasa Banly Hoonoor Road would have been submitted before this, but for the sickness of the Accountant of this Division, in consequence of which the accounts are 3 months in arrears, and it was hence impossible to compile the Estimate with due regard to the Excess Expenditure already incurred.

Every effort will however be made to submit the revised Estimate within this month and a statement will be forwarded therewith, showing how provision was made for excess allotment by re appropriations for the Local Fund Works under any charge, based on the abstract of this Official Year of subscriptions from Rajahs, Zemindars and the Grant in aid of Rs 4,000 from the Forest Department towards the Chief Engineer, Goddahally N, and Yedavahally Bantay Stones Roads, also as noted in this Office No 695/294 of 20 July 1876 to your address

With reference to your docket

the honor to forward a Reappropriation
statement intended to provide funds
for the Hulsi Bakehan.....& Road in
excess of the Budget provision
and for the road from Shugeri to
Tarq.

2. It would appear from the
statement that for the two works
alluded to, a sum of Rs 7303 is
required. The reductions proposed
by the Ry Engineer Koppa Div
amount to Rs 5310 and the balance
Rs 1,993 or Rs 2000 in round numbers
has to be assigned from some
other source

3. The Deputy Commr and the

the amount should be met. The
District Fund Budget grants of the
District re- they stand at present
do not admit of any further re-

large. The Ex: Engineer says the
roads cannot stand over without
causing great inconvenience. Under
these circumstances I would propose
an assignment from District Funds
Rs 1,000 from the balances

Dated 30 Septr 1876

From W. S. Executive Engr

To The Deputy Commr
Kadur District

Sir,

With reference to your No 919/94 of instant acknowledging the receipt of my No 1008/390 of 3d Septr 1876 enclosing Revised estimates for Sirugare Begar & Bali Honnur Kalasa roads & Reappropriation Statement but informing that the latter enclosure had not come to hand I now have the honour to forward herewith a Copy of the latter

You will doubtless observe that the main object of the Reappropriation was to meet the excess expenditure of the Bali Honnur Kalasa Road & that my proposals were based on the assumption that the grant-in-aid of Rs 4,000 from the Forest Deptt was not included in "contributions" at the time of the Budget being

The

3. The Executive Engr. Hassan Kader Division informs me demi-officially that the Forest Grant-in-aid was considered whilst framing the Budget thus upsetting my calculation -

4. At the same time, a new working season has commenced and Carrara labor is returning in abundance to these parts, in expectation of work, some few approved Contractors of means and ability being prepared to carry out work this official year & to wait for payment till April next, rather than disappoint the labor they have collected -

5. The facts of the two previous paras necessitate a Revised Reappropriation statement which I herewith beg to forward, in the hopes that by some special arrangement the extra funds required maybe granted me, as well as the additional contribution money for items Nos 72 & 73 or in lieu thereof authority to carry out the latter, together with Pucka Bridging of item No 69 at once, in anticipation of allotment by the 15th April next -

6. In requesting the favor of special arrangements regarding extra

allotment I do so for three reasons -

I That although the excess expenditure that was actually occurred is irregular it is at the same time mainly owing to undue pressure which I have experienced this offl year in starting a new & difficult Division; in having to organize office establishment at the beginning of the monsoon the severity of which has proved too much for the health of several & the great delay of accounts &c and in having simultaneously to arrange for the preparation of Imperial Departmental Budget projects aggregating about 5½ lakh in a country comparatively new to our operations

II That with extensive and important Imperial works commenced last offl year in this Division I am extremely anxious to complete original Local Fund works for 70-72-73 & 73-74 this official year in fact the two latter during October or before the Distt Surveyor leaves me for good or the whole while labor and any Departmental Subordinate are still available it being absolutely necessary that two

next years Imperial operations be as concentrated as possible. and the attention of my subordinate undivided -

III That South Canara labor having during the last two years got into the way of relying on Kadur Inuland for work, any failure to fulfil their expectations this year may be detrimental to future operations -

7- In case the proposals of the Revised Reappropriation statement cannot be sanctioned, the only alternative will be for me to suspend all further Local Fund operations till this time next year as foreign labor cannot be induced to remain in these parts in any numbers after March - The completion of Local Fund works if thus postponed will hamper me very considerably in my arrangements regarding Imperial works next off. year as above observed -

Awaiting the favor of early instructions -

Secretary to the Chief Commissioner of Mysore P.W.D.

As promised by the Exc: Engr Koppa in in para 6 of his letter No 901/358, attached to the Nagpur Commrs letter No 492/112 of 2nd Sept/76, the Commr now forwards an explanatory reappropriation statement received from the Exc: Engr, pointing out the sources from which the funds required for the Kalasa Balehonnur road and for Shimjere to Kig, could be reappropriated.

A reappn statement, in proper form, prepared in this office is also herewith put up - from which it will be clearly seen that for the two works alluded to, a sum of Rs 7,303 is required. The reduction proposed by the Exc: Engr amount to only Rs 5310, leaving the balance to be provided from some other source.

The Commr proposes that this sum viz: Rs 1,993 may be appropd from L. F. G.

or

or a loan from the balance
at credit of the Chitaldroog
District Funds as was done
in the case of a road
over the Kankatte Tank
bund.

As it is stated
that the works cannot
stand over without causing
great inconvenience, the
difference of Rs. 1,993 may
be supplemented as a loan
from the balance of the
Chitaldroog Dt. Funds to be
recouped next offg year,
and the reapptn statement
for Rs 7,303 together with
the two revised estimates
for the Kalasa Balehonnur
& Shringeri Begaradalu Roads,
